Current Inspector?

If you have already used the training portal, log in to the left. If you are an emissions or safety inspector, and this is your first visit to the training portal, please use your Drivers License number to register in the training portal. To begin, Select "Sign Up", above. If you have a DL issued by a state other than Pennsylvania, please contact PennDOT at 717-787-2895.

It is recommended to use Chrome as a browser to review training materials. To download Chrome, please go to [here](#).

Current Inspector

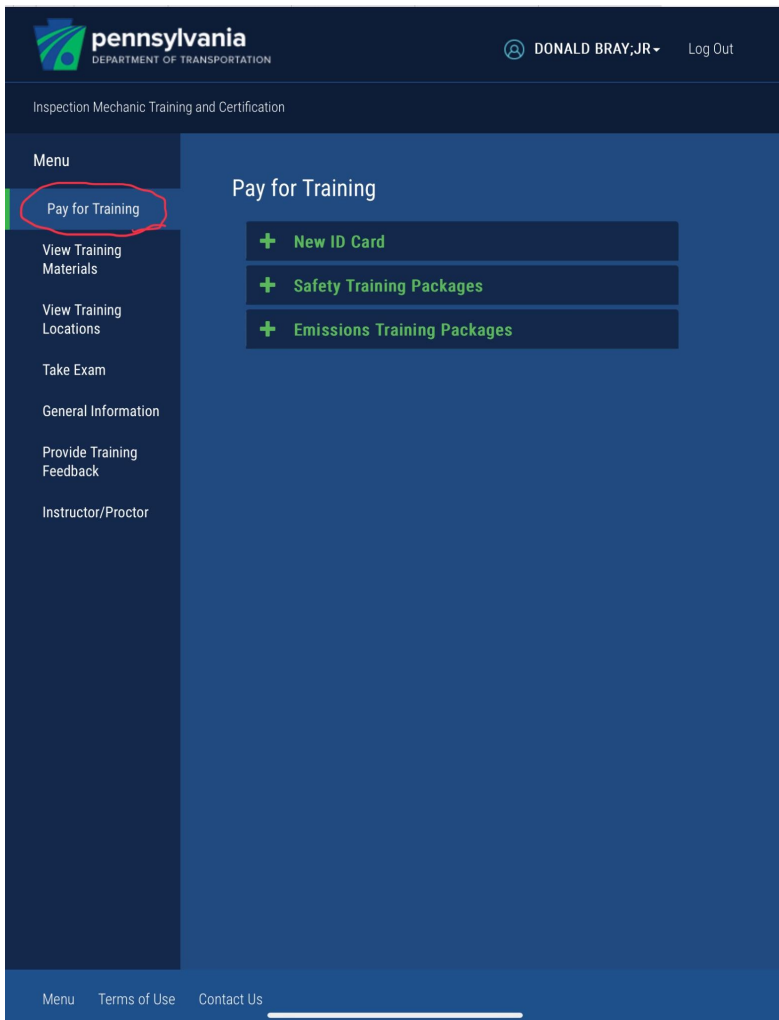

Current Inspectors can use their Driver's License Number to register in the Certification/Recertification Training system. Enter your Driver's License Number to get started. 

Pennsylvania Driver's license number or your 8 digit inspector number

Find Me

Enter your driver's license number and click on find me.

- Select pay for training.
- Choose which package applies to the class you are taking.
- For Pennsylvania Enhanced Emissions Inspection choose Emissions Training Packages

- Purchase your training package using MasterCard, Visa, American Express, Discover or a debit card
- Review the training online, using the most recent version of Google Chrome for best results
- Take the exam

When you successfully complete the exam, you will be mailed a certificate and an ID card.

PennDOT has provided answers to frequently asked questions about the new online Emissions Inspector Training program. Please review the Emissions Inspector FAQs by clicking [here](#).

Initial Emissions Inspector Certification [\[back to top\]](#)

Costs are as follows:

- Emissions Inspector Certification Training Package \$39.99
 - Includes a printable, .pdf manual
 - One retest offered at no charge
 - Classroom attendance is required, the exam will be in a proctored setting
- Northern Region Emissions Inspector Certification Training \$39.99
 - Includes online training and a printable, .pdf manual
 - One retest offered at no charge
 - Proctored exam session is required

If you fail the Certification exam two times, you can purchase a retest \$24.99.

- Initial certification classroom students will be required to attend another classroom session, purchase a retest and take the exam in a proctored setting
- Northern Region initial certification students will be required to review their training, purchase a retest and take the exam in a proctored setting.

How to Begin

- Contact an approved school to schedule classroom training and exam, and to have your name placed into a class roster.
 - Northern Region license type (EV) schedule for proctored exam, and to have your name placed into a class roster. No classroom training required.
- One-day after being placed into a roster, visit the training [portal again and click on the "Sign-up" link to enroll and](#)

- Choose “Emission Inspector Certification Training Package”
- Choose pay at the bottom of the screen
- Enter your credit card information
- Choose pay

Training Locations

Classroom training may be available as a supplement to safety or emissions recertification activity.

Classroom training is required for initial emissions certification and a proctored exam is required for all initial emissions certifications (including Northern Region.)

Enter your location to find a school or exam location near you.

Enter a street address, or zip code and click the search button to display a list of locations near the address you entered.
